Seminar on EHS - Bridging the Skill Gaps

9 - 10 January 2020

Accidents take place in Industrial area which causes tremendous losses to Industries, workmen and Ultimately to the Nation. It also affects the morality of the Working forces who directly or indirectly involved and also causes blockage to growth of Industries. To overcome with the situation we have organized a Seminar, which will be greatly useful to industrial society at large.

The seminar will help to enhance the knowledge of workforce and reduce the accidents and ultimately uninterrupted industrial growth.

Who Will Attend : Representatives from Management, Safety, Fire, Health, Environment, Production, Maintenance, Quality Control, operations, etc. departments from all industries.

Topics covered ;

No.	Topic
1	Contractor Safety Code
2	Various code of practices / Guidelines for Fire Protection in industries
3	Various code of practices / guidelines for Occupational Health in industries.
4	Use of software based programs for Industrial Safety.
5	Innovations in fire protection systems for industries
6	Tank Farm Safety: A Sleeping Lion
7	Traffic Rules & Road Safety
8	Electrical Safety and Hazards of Static Electricity
9	Chemical Handling Hazards
10	Behaviour Based Safety
